ROSEBUD, the infant daughter of Mr.
and Mrs. Joseph Pleasants of 419 N. st.
n. w. died last Monday morning, at
6:40 a. m., after a brief illness of about
twenty-eight hours. The funeral took
place from the residence Tuesday Sept.
11th at 2 p. m. Rev. Jas. H. Lee of-
ficiated.

Mrs. Charles Holcum, a highly es-
teemed lady of Benning, D. C. is one
of the most prosperous and industrious
lady's of our race. Her home which is
a little East of Benning is one of the
most beautiful of that place; she owns
a large farm which produces the best
of vegetables, being near the Eastern
branch. Water melons and cantaloupes
of the finest kind also grow abundantly
on the place.

Any person wishing the best that
the market can afford, at a reasonable
price should not fail to call on Mrs.
Holcum, in the Centre Market.

SIDE TALK TO ALL.

A married woman's greatest happi-
ness should be in her husband's welfare.
She should always give him her sym-
pathy and devotion.

A good woman will look after her
husband's comfort, seeing the things
that a busy man is sure to overlook or
neglect.

No man will expect a woman to
furnish the belongings to the house.
Neither should a woman expect a man
to house keep.

It is the ideal wife who passes her
leisure hours at the side of her husband
helping him in his work. He can just-
ly say, "I cannot do without you."

It is well to so live that we can en-
tain pleasant recollections of our youth-
ful days when we are old.

A man should not marry a woman
except he can take counsel with her.
Such confidence should be received
with all the tenderness of a true wife-
man.

One of the essentials of charming
conversation is a kind heart as well as
a cultured mind, and nothing makes a
girl more popularly a favorite than the
reputation of speaking well of every
one.

A LIBERAL ORGAN OFFER.

That there has been a revolution in
the manufacture of Organs and Pianos
is evinced by the current offer of Cor-
nish & Co., the well known manufac-
turers of Washington, N. J. For the
next 60 days they offer to sell an organ
for \$42.50, which a short time ago
would have been considered a desirable
bargain at \$75.00. With this they offer
terms of credit that are sure to meet
with the approval of every fair-minded
person. Cornish & Co. are the largest
makers of Pianos and Organs in the
world selling direct from the factory to
the home. Since the conception of this
great business, nearly thirty years ago,
they have been fighting the method of
selling instruments through agents and
dealers, their plan being to give the
enormous profits usually retained by
the tradesman to the buyer. Their
efforts to place first class instruments
within the reach of all, at manufac-
turer's prices and the most liberal terms,
deserves the highest commendation.
Every one who is contemplating the
purchase of an Organ or Piano, should
get the catalogue issued by this firm.
It illustrates and describes all the latest
and best designs of Organs and Pianos
with prices and special offers that are
sure to prove profitable. They general-
ly offer to send it free to all who write
and mention the BEE.

THEY SAY.

Ingratitude is stronger than trait-
ors arms.

Matthews of Albany made the Kan-
sas wind bag.

Why should young ladies be insult-
ed?

The President will act and remove
the obstacle.

The old woman is a dandy and
hard to knock out.

She is Taylor's confidential advisor.

You must call to see me, or you
will lose your place.

'Tell her if she will be my friend
she can remain.'

Let the curtain be gently raised.

Turn on the light, turn on the light.

Where there is darkness let there
be light.

Had I served the BEE with half the
zeal I served the Kansas wind bag, I
would not have been on the outside.

It serves you right Mr. Smith.

When the BEE tells you anything
always believe it.

I always get what I go for said
Taylor to Mr. Douglass on his way
from Manassas a few days ago.

The old man eloquent remarked
"what did you say?"

The wind bag repeated, but the old
man looked significantly wise.

He did not say a word.

He was in the company of a weak
man.

The old man doesn't know him.

Be wise and say but little.

Look wise and hold your tongue

Be honest to your friends if noth-
ing more.

Let us be happy although the pot
is bubbling.

Do you want a place in the record-
ers office?

No indeed, sir.

Don't you believe all you hear.

Ah, sir! What I see, I must be-
lieve what I hear.

Come to the office after office
hours.

She went and the proposition that
was made to her is surprising to the
nations.

Keep your daughter from that in-
stitution.

It has a reputation that it never
had before.

"I shall come and live for you
alone."

Can I get a room in your house?

When I call again to see you, you
will be at home.

He did not get the room.

Sweet girl you are a beauty.

You shall see me at 6, some place.

Let me climb that Hill and take
me out in a Hurst.

The Hill was too tall hence he
got a Hurst.

The time for one to talk is when
the insult is offered.

Woman you are too late now.

You should not have met him.

Tell what you know and not what
some one told you.

Did you see it in the BEE.

It must be so.

The BEE tells nothing but the
truth.

Look out for the BEE semi-weekly.

"I shall thrash the editor of the
BEE."

'This was remarked some time
ago.

The editor is better fortified now.
Matthews sent Taylor to Liberia.

It was Matthews who put shoes on
his feet when he was walking or his
uppers.

us.

THIS IS THE SAME REV. (?) P. H.
WHITE.

THE OWNER OF THE STOLEN COAT
HEARD FROM.

New York Sept. 6th, 1894.

The Editor of The Washington Bee:

It has come to my
knowledge that one White a lieutenant
of the Hon. C. H. J. Taylor has been
accused of having appropriated an
overcoat under very peculiar circum-
stances during the session of the Na-
tional Convention of Colored men held
in Washington some three years back.

I write to say that the overcoat in
question was mine, and was returned
to me by the authorities of your city,
and that I understood at the time that
the party on whom it was found was
named White. I am extremely sorry
that anything should be published
about it at this time as the party who
was held responsible for the disappear-
ance of the garment has I understand,
just represented the great State of New
York in the Colored Democratic Con-
vention at Indianapolis. I hope that
there are two Whites and the State in
which I live will not be ashamed of its
representative even though he be a
colored democrat of which type I never
respect or admire.

Respectfully,
James E. Garner.

pull men out of cells.

tween Jersey City and Bayonne and

WILBOR'S COMPOUND OF
PURE COD LIVER OIL
AND PHOSPHATES OF
LIME, SODA, IRON.

The truly wonderful effect produced by Dr. Allen
and Dr. Wilbor's Compound of Pure Cod Liver Oil
and Phosphates renders it beyond doubt the most
perfect preparation of its kind known to-day.
Consumption, coughs, colds, asthmatic wheezing
in children, and all scrofulous humors disappear un-
der its influence. It is almost as palatable as cream,
it can be taken with pleasure by delicate persons and
it assimilates with the food, increases the flesh and
builds up the nervous system, restores
energy to mind and body, creates new, rich and pure
blood, in fact, rejuvenates the whole system, flesh,
blood, nerve, brain. This preparation is far superior
to all other preparations of cod-liver oil; it has many
advantages, but no equal. The results following its
use are life long recommendations. Be sure, as you
value your health, that you get the genuine. Manu-
factured only by Dr. ALLEN & DR. WILBOR, Chemists,
Boston, Mass.

NEGRO DEMOCRATS.

There has been no desire on the part of negro republicans to deprecate negro democrats. These disciples of the new democratic dispensation have been treated with the most profound respect.

C. H. J. Taylor wants to make the President believe that the fight against him is the outgrowth of republican animosity.

This is not so, it is, certainly, every negro democrat who has been nominated by Mr. Cleveland would have received the opposition of negro republicans. What negro democrat has been opposed outside of Astwood?

Taylor received the unanimous support of the colored republicans; he made their places of business his headquarters; he borrowed money from them to enable him to look decent and respectable. Negro republicans did for Taylor what his democratic friends refused to do.

Negro republicans used every effort to have him confirmed, because he was a negro.

Politics didn't cut any figure with negro republicans. Now he tells Mr. Cleveland that all of this opposition comes from republicans.

When the charges are published, the country will see that C. H. J. Taylor has not only disgraced his office, but, if he was in the South his own democratic friends would take him out and make him dance on a tree with a rope around his neck.

Let the public dispel the idea that Taylor has committed no offense, but the violation of the Civil Service.

The charges against this man should have caused the President to dismiss him the moment they were presented and read by the President.

The country is not aware of the notorious acts that this man has committed.

It is dangerous for a lady to come in social or business contact with him. The BEE has the profound respect for the President and confidence in his judgment in dealing with the Taylor matter. The people are getting tired of waiting, the reputation of our women is in danger and if the President doesn't act at once his administration as well as the colored democracy will be disgraced. Immediate action is necessary to save the colored people.

HE COULD NOT RESORT TO SHARP PRACTICE.

From the Atlanta Freeman.

The democratic party cannot afford to overlook such a man as Mr. Clark. He has done more to solve the problem of the Negro race than any other man of his race. He has lost many dollars by advocating democratic ascendancy; lost many narrow-minded friends by advocating democracy. He is considered by all colored men the brainiest Negro in the democratic party and the equal to any in the republican party. He has not had political succession, because he cannot resort to sharp practice, as some of those who have been appointed to office by deception.

Prof. Clark, like other honorable colored democrats, viz: Geo. T. Downing, James C. Matthews, T. McCants, Stewart Clifford H. Plummer, Dr. J. E. W. Thompson and a hundred others, have not been considered because they did not resort to chicanery, deception, etc.

Among the hundred nomenclature who did not resort to deception etc., was the able editor of the above named paper, Bro. Ross, it is wise to blow your own horn sometimes; you are justly credited with the honorable democracy.

C. H. J. will not be able to hide his incapabilities and wrong doings behind republican animosity. He has made his own bed hard and so he shall lie.

THE SEXTUPLE MURDER.

FROM AN EYE WITNESS.

Special to the BEE.

Shelby Co., Tenn.
Sept. 5, 1894.

Mr. Editor:

This whole community, county and state, was thrown into the saddest gloom on Friday by the enactment of one of the most bloody and brutal sextuple murders recorded in the history of this state. Look upon this spectacle: Six Afro-American citizens, resident of the Kerrville Shelby county, this state it appears were apprehended upon warrants, sworn out by one justice of the peace W. H. Hughey, and by one J. H. Laxton, merchant of Kerrville and the warrants were placed in the hands of W. T. Richardson, a local Vidoco, minus his reputation for success.

The lynch parties were named Warren Williams, John Hays, Graba m White, Daniel Hawkins, Robert Haynes and Edward Hall.

All of the above named were brutally shot to death while manacled in a wagon, driven by A. L. Atkinson, white the atrocious W. S. Richardson was leading the van on foot. The details of the affair up to this juncture, are top revolting and inhuman to narrate; the published reports in our daily papers, notably the "Commercial-Appeal" caused tears unbidden from my eyes to well and drop. Saturday morning our recently elected Democratic Criminal Court Judge, L. P. Cooper, having learned of the action of the mob of the preceding night, sent for and questioned closely the sleuth detective Richardson as to what had transpired and not being satisfied with his answers, issued bench warrants for Richardson and Atkinson, as accessories to the sextuple slaughter. J. W. Palmer, an attorney, had interested himself in behalf of the six barn-burners, and asked Richardson to take his prisoners before a magistrate at Kerrville or to carry them by train to Memphis. Now here wherein comes Richardson's culpability. He refused the first and by his negligence let go by the train, when a demand from the same source that he remain over till morning or carry along with him a guard of citizens, was met by an absolute refusal from Richardson. Among the shady things about the affair which influenced the Judge's action were that Atkinson, the driver of the wagon was known to be a prosperous working man should have volunteered to drive Richardson and his prisoners to Memphis for the miserable pittance the officer could have paid him and the hitherto bad character of the officer who had been "fired" from the local police force, and his having been accused and tried, and acquitted on a charge of extortion.

Judge Cooper then quits the city, and goes to Nashville to confer with Governor Runyon relative to offering \$5,000 for the arrest and conviction of the gang of hoodlums who had made six widows and twenty-four fatherless children and placed the whole village in terror. Six white men are in jail without bail to answer the charge of murder and the grand jury is still in session investigating the lynching of the six Afro-American citizens.

Be it said to the credit of our Governor, that he has positively declared in his intentions to put a stop at once to the lynching of helpless criminals in the hands of the law and compel the observance of his declarations in respect to the lynching of poor accused suspects in future. I say for I approve of the action of Judge Cooper in proceeding to commit to jail without bail all the participants in this horrible and shocking affair. Now a word to the editors of the local press, all democrats to the contrary. The Selector and Commercial-Appeal, these are no two papers in this country that could do more to satisfy the feeling of fear and interest that pervades the Afro-American population than they have.

Our Governor, Judge, Sheriff and papers are doing their utmost to appease outraged justice. I say for the numerous inhabitants of my race well done gentlemen this is your duty, do it.

Respectfully,
L. Murrah Browne.

THE PRESS ASSOCIATION.

The Afro-American Press Association which convened in Richmond Sept. 11th and held for three days was a very distinguished gathering. Able papers were read by some of the leading editors of the country and the discussions were lively and to the point. A great deal of important business was transacted as to the betterment of the Association. Full account will appear next week.

We highly commend Geo. Turney in offering a reward of \$5,000 for the arrest and conviction of the murderers of the six innocent colored men near Millington, Tenn.

The citizens should rally to the support of the officers of the law in trying to bring the guilty ones to justice.

A subscription should be taken up for the widows and twenty four fatherless children.

In another column will be seen letter from the gentleman of whom Rev. (P. H. White, the protégé of C. H. J. Taylor, stole the coat. We say what we know and you can say it so if you see it in the BEE.

Celso Caesar Merino, the gentleman who so ably defended Liliuokalani the ex-Queen of Hawaii, is no coward. When his life was threatened in this city a few days ago he demanded his would be assassin's name and informed the authorities of his experience.

People should not allow a little power or learning make them mad or cause them to lose their manners.

MISS ONARIES ARRESTED.

Trouble Again at Alintab and Marsh—An Appeal to Our Government.

Boston, Sept. 12.—The Secretary of the American Board of Commissioners for Foreign Missions, whose office is in this city, has received a cable dispatch from Alintab, Turkey, which announces the arrest and imprisonment of a number of professors in the American schools at that point and also at Marsh. LOVE WILL FIND A WAY.

ACCIDENT AT YONKERS.

Miss Parker Falls Forty Feet Through a Skylight.

Yonkers, Sept. 12.—Miss Alice Parker, daughter of Mrs. Joel Parker, of the Dunwylm Hotel, went to the roof of the hotel to enjoy the breeze. Thinking that the skylight was covered with boards, instead of a mere piece of matting, she stepped upon it. She fell to the hall, forty feet below. She was taken in an unconscious condition to St. John's Riverside Hospital. One of her thigh bones was broken, and she was injured internally.

A New Religious Sect.

St. Louis, Sept. 12.—The Church of Apostolic Faith and Order is the name of a new religious sect which has been started here. The members are mostly Baptists, and their leader, the Rev. H. W. Evans, an old Baptist minister. The movement is a return to primitive Christianity, to the time when choirs, pew rent, salaried ministers and other refinements of modern religion were unknown. The members assert that this movement is due to general dissatisfaction among Baptists.

Married an Hour Before He Died.

Scranton, Pa., Sept. 12.—W. J. Thompson and Mrs. Mary McQuade were married here yesterday at the bride's death-bed. An hour after the bedroom expired, after having made a will, leaving everything he had to his bride. The latter had been granted a divorce from her second husband only a few hours before the wedding and had been living with Thompson as his wife for the past year.

Roosevelt for New York.

Washington, Sept. 12.—It is whispered in Administration circles that Theodore Roosevelt threatens to retire from the Civil Service Commission and enter the race for Mayor of New York on the Republican ticket. The story comes from a member of the Cabinet who is said to have discussed the subject with the President prior to his departure from Washington for Gray Gardens.

Austria's Emperor and the Bear.

Venna, Sept. 12.—A dispatch from Lemberg, the capital of Galicia, says that at a court banquet given there yesterday afternoon Francis Joseph toasted the Czar, saying: "I drink to the health of my dear friend, Emperor Alexander, whom God preserve." The toast was warmly responded to.

NEGRO STATE CLEVELAND LEAGUE.

THE CONDUCT OF H. C. C. ASTWOOD
AND C. H. J. TAYLOR WARMLY DE-
NOUNCED.

ALBANY, Sept. 5.—The Executive
Committee of the New York State
Cleveland League completed their busi-
ness in this city to-day. Organization
was perfected by the election of Gerrit
S. Loguen of Syracuse, Chairman; Wm.
H. Johnson of Albany and J. A. Crom-
well of Montgomery, as Secretaries,
and Wm. E. Gross of Troy, Treasurer. There
were representatives present from
twenty-two Senate districts of the
State. It was a large but very orderly
and gentlemanly representation. A
heated discussion took place arising
out of a harsh criticism against colored
men belonging to the Democratic party
caused by the conduct at Washington
of two or three colored men who had
been nominated and appointed to office
by President Cleveland. The follow-
ing were adopted during the session of
the committee:

Resolved, That the Senate off the
United States acted wisely when it re-
jected H. C. C. Astwood, who was nom-
inated to Consul to Calais, France. That
we protest against the effrontery and
imposition of this man, who in Septem-
ber 1892, was a resident of the city of
New Orleans and a citizen of the state
of Louisiana, and on the 6th day of No-
vember, 1892, less than three months
thereafter, registered from a New
York hotel, corner Pearl and Fulton
streets, New York city, and voted at
the election district in which that hotel
is located; and we declare that he is not
or ever was, a legal resident of the
state of New York, and denounce the
deception practiced upon the President
as to his character when he honored
him with an appointment as a worthy
representative citizen of the state of
New York.

Resolved, That we protest against
the scandalous conduct of C. H. J. Tay-
lor, the President of a so-called Negro
National Democratic League, in send-
ing into this State his personal repre-
sentative the nondescript styling him-
self the Rev. J. H. Hampton White, a
fellow without a home or character, to
extort money from Democrats upon
the plea of defraying the expenses of
an alleged convention of colored Demo-
crats to be held in the city of Syracuse
to which the said White and his com-
panion, one Charles E. Brown of New
York City, were the sole delegates,
that such action on the part of colored
men made prominent by official recog-
nition bring to respectable colored citi-
zens no credit, but the same humiliation
and disgrace; that the assumption of
arrogance, and falsehood of the said
Taylor at Indianapolis, in the State of
Indiana, on the 14th day of August,
1894, brought upon colored men of the
Democratic party when he claimed
that he and his twenty-three assistants
represented the character and worth of
the colored men of the nation who are
identified with the Democratic organi-
zation; that New York State is not re-
sponsible for Taylor, as he is a resident
of the State of Kansas.

Resolved, That we undervalue de-
mocracy lawlessness whether commit-
ted north, south, east or west; that we
have no apology to offer for the brutes
neither black or white, who are guilty
of outraging or attempting to violate
the chastity of a woman; that this broad
land, while thus emphatically pro-
nouncing against crime committed
through ignorance and brutal individu-
als, we desire to put ourselves on re-
cord as denouncing in equally strong
terms the lynching of any person ac-
cused of crime, and call upon the authori-
ties in the several States to maintain
the honor and credit of the nation by
the forcible suppression of disorder in
their several jurisdictions.

Resolved, That the officers of the
committee, together with the Presi-
dent of the League, are hereby con-
stituted a sub-committee, with power
to represent the committee during the
recess of said committee. Said sub-
committee shall pass upon the quali-
fications of the several district delegates
in the State, here and decide contesting
claims, subject, however, to the approval
of the full committee. The said sub-
committee is hereby directed to
hold its first meeting at the Broughton
House, Saratoga Springs, on Monday
Sept. 24, 1894, at 8:30 p. m.

Resolutions were also adopted ex-
pressing the league's fidelity to the
President and the Democratic party,
and endorsing H. C. Smith of Alabama,
Archibald Grimké of Massachusetts,
and Dr. Daniel H. Williams of Illinois
as creditable representatives. Other
resolutions were referred to a commit-
tee, who made their report in the form
of a statement to the country defining
the position of the league, and protest-
ing that colored men in the Democrat-
ic party were wickedly misrepresented as
to their character and standing, and
against being measured by the stand-
ard of manhood sought to be fixed for
them by the official recognition of such
men as C. H. J. Taylor, H. C. C. Ast-
wood and their immediate associates.

lor as recorder of deeds. He disgraced
his race well representing this
government as a diplomat to Liberia.
Hon. T. McCants Stewart, of New
York, or some other good colored Dem-
ocrat would fill the place with credit to
both races.

C. H. J. Taylor is about to get in the
soup. His civil service hand is not
quite slick enough, and Recorder is
about to be bounced.

COMFORT FOR CRUISES, MISSES AND CHILDREN

The "Comfort Corset" made by the Boston Com-
fort Corset Co., 76 Chalmers st., Boston, Mass., is the
only perfect Allice corset at the same time comfortable
and made, and will outlast two or three ordinary

layers at the top, for each waist, makes a perfect
fit both on tapering waists and straight forms. This
system is peculiar to this corset, and is patented
and with the manner of cutting and sewing in
several places, which every lady knows is so im-
portant and desirable. It is "Silly" named "Comfort

ILL-FATED EXPOSITION.

The Cook Party Meets Its Third Mishap—Runs Down a Schooner.
New York, Sept. 11.—The steamer Portia, from Halifax, with Dr. Cook and seventeen members of his ill-starred Arctic expedition, arrived at City Island this morning at 3:30 o'clock. A few minutes after 1 o'clock yesterday, off Cuddyhunk light, she ran into the schooner Dora M. French. Four of the crew of five were drowned. The fog was very dense, and the Portia was running at full speed, blowing her whistle at short intervals. She struck the sailing vessel just forward of the main mast, cutting the French clear in two. The latter sank in less than two minutes, going down head first. The man rescued was Mate Jeremiah Murphy, of this city. The other members of the crew were from New England, and the schooner hails from Bangor, Me., loaded with coal from Hobeoken. Dr. Cook's party were taking lunch at the time of the accident. Several were badly scared, as this was the third serious marine disaster which the party has encountered since leaving here last July. The Portia is sister ship to the Miranda, their vessel which they were obliged to abandon last month. The Portia was not injured except near her forward compartment, which was filled with water and broken at the foremast.

CHINESE SOLDIERS DYING.

They Cannot Get Food—An Effectual Blockade by the Japs.
Shanghai, Sept. 11.—Food and ammunition are said to be spoiling all along the route southward. As the result food is becoming scarce in the Chinese army, although the men are doing their best to live off the country. The pretense of Chinese naval activity is absurd. The Japanese are said to be maintaining such a blockade of the Korean coast that not even the smallest vessel can get through. Hundreds of Chinese soldiers are reported to have died from want and exposure, and much sickness is said to exist in the ranks. On the other hand the Japanese are said to be much better prepared for active operations. They have succeeded in keeping lines of ammunition open and to have pushed forward.

LIVING IN STATE.

The Body of the Count of Paris Now at Stowe.
London, Sept. 11.—The coffin containing the body of the Count of Paris was removed to the stowage of the Stowe House this noon and will be taken by special train to Weybridge tomorrow morning at 9:35 o'clock. Cardinal Vaughan and the Bishop of Southwick will conduct the funeral services. The Duke of York will be present at the funeral. The King of Portugal will be officially represented by the Duke of Oporto.

Thousands of Veterans March.
Pittsburg, Sept. 11.—Forty thousand veterans of the late war marched through the streets of Pittsburg and Allegheny today. On every street and vacant lot rose tier after tier of human faces and cheer after cheer greeted the veterans. At 10:30 o'clock the parade started from the historic Mononahela House, and the decorations of the two cities were most lavish. It is said by men who attended most of the previous encampments that at no place had they seen the decorations on so large and generous a scale. Gov. Patterson, of Pennsylvania, with his staff and a number of notable men and women from all parts of the country, occupied the reviewing stand at Allegheny Park and saluted each division as it passed in review. At short distances apart were placed emergency hospitals, while all along the route were men with cool water and lemonade for the veterans.
Rev. T. H. Hagerity, Chaplain of the Ninety-third Illinois, was elected President and Chaplain, and C. C. McCabe, of the One Hundred and Twenty-second Ohio, Secretary of the National Association of Army and Navy Chaplains.

Shot Dead by a Bar Keeper.
Chicago, Sept. 11.—Thomas Cantwell, Jr., a son of the President of the Eagle Brewing Company, was shot and instantly killed at 2 o'clock this morning by Thomas Morgan, a bartender in a State street saloon. Morgan was closing up, when Cantwell, accompanied by two men, whose names are unknown, entered. Cantwell drew a revolver and demanded the contents of the cash drawer. Morgan dodged behind the bar, grabbed a gun and fired, killing Cantwell. The others escaped.

Dry Gas Well Struck in Saratoga.
Saratoga, Sept. 11.—A dry gas well has been developed on the Wood property in the southern suburbs of Saratoga. After the drill had penetrated 100 feet of porous rock a strong vein of natural carbonic acid gas was struck. It is dry gas, the most desirable kind. The pressure is now twenty-four pounds and is increasing.

Brutally Beaten and Robbed.
Rutland, Vt., Sept. 11.—In an isolated spot a mile and a half from Fairfield, on the Canadian border of Northern Vermont, the other evening, Charles R. Sherman, a wealthy and eccentric farmer, aged sixty-five, was set upon by two masked men, brutally beaten, robbed and left for dead in his barn. The robbers got \$88.75.

Tried to Murder the Priest.
Bucharest, Sept. 10.—During the celebration of mass in a Catholic church here yesterday a lunatic, who brandished a long knife, rushed up to the altar and tried to murder the priest. He was seized and disarmed.

A Girl Stabbed in the Back.
Rochester, N. Y., Sept. 10.—While Miss Maggie Davy, an attractive young woman, was on her way to mass yesterday a man ran up behind her and stabbed her in the back. The man escaped.

Chinese Compelled to Eat Horses.
Shanghai, Sept. 10.—The Chinese forces in the northern part of Corea are hemmed in by the Japanese, and being without supplies, are obliged to kill their cavalry horses for food.

BURNING FIERCELY AGAIN.

High Winds Are Fanning the Forest Fires in the Vicinity of Ashland.
Ashland, Wis., Sept. 11.—Strong winds have fanned up the forest fires in this vicinity, and they are burning fiercely in nearly every direction. They have crossed what is known as the Cemetery road south of Ashland, and the Ashland Driving Park Association, whose buildings are located two miles from Ashland, are in danger. The fire is also very close to Mount Hope Cemetery and the Catholic cemetery, with the strong wind constantly bringing it nearer. Washburn has been enveloped in a cloud of smoke. Forest fires are raging about Saxon and water is being hauled by running teams. Citizens are moving out of their homes with all possible speed. If the wind continues for a few hours the town is lost. Saxon is a small town on the North-west road, and several large charcoal kilns are operated there by the Ashland Iron and Steel Company, which gives it the main support. Saxon was threatened once last week and it was supposed that the timber about there was sufficiently burned off to arrest further danger. Vice-President Johnson, of the Chequamegon Bay Logging Company, which operates in the vicinity of Washburn, stated last evening that there was not a live tree left in his section of the country, which means big losses to timber owners.

CRAZED BY ELECTRICITY.

French Had Grasped a Live Wire at the Top of a 150-Foot Tower.
Detroit, Sept. 11.—On Woodward avenue, right in front of the City Hall, yesterday, away up 150 feet in the air at the top of an electric light tower, lay Frederick French rigid and helpless, his feet tangled in the meshes of wires, his head hanging downward. He was a trimmer and had gone up there to fix the lamps, when he grasped a live wire and became unconscious. He regained consciousness when rescuers reached him and, crazed with pain, tried to fight them off. He was placed in a basket and lowered to the ground. Doctors say he will recover.

OUR FLAG INSULTED.

Trampled Under Foot and the British Flag Hoisted in Its Place.
London, Aug. 15.—A dispatch to the Times from Port Limon, Costa Rica, dated August 12, says: "The British cruiser Mohawk has arrived here from the Mosquito country with Chief Clarence and 112 refugees aboard. Blue fields was retaken by 2,000 Nicaraguans, who arrived from Rama and Greytown aboard transports flying the United States flag. The American marines re-embarked on their approach, abandoning the American residents, many of whom removed the national flag from their houses, trampled upon it, and hoisted the British flag. The Nicaraguan officials, on entering the government house, hauled down and tore into shreds the Mosquito flag and arrested numerous Americans and Jamaicans suspected of sympathizing with Chief Clarence. Capt. Stewart, of the Mohawk, went into the prison and rescued all who were willing to claim British protection. The Mohawk remains at Port Limon awaiting orders from Great Britain. Chief Clarence is still aboard the Mohawk."

LIQUOR DEALERS.

What the Wine and Spirit Gazette Says About Mgr. Satolli's Views.
New York, Aug. 15.—The Wine and Spirit Gazette says: "A careful survey of the whole field justifies us in stating that Mgr. Satolli's views of the relation between liquor dealers and the church are not likely to be carried out by the bishops in the cities of the country. We predicted such result in our issue of July 25. The full discussion which the whole matter has received in the press has been the means of disclosing to the dignitaries of the church a great light. Archbishops and bishops have publicly declared their intention of ignoring Mgr. Satolli's admonitions. The result is a great triumph for the cause of personal liberty."

Millions of Gallons of Whiskey.
Washington, Aug. 15.—Reports received at the treasury department, from whiskey-producing centres, state there is a great rush to take whiskey out of bond at the old rate of ninety cents a gallon before the new tax, \$2.50 per gallon, becomes operative. At most of the large distilleries whiskey in bond has already been gauged, ready upon payment of the tax, to be withdrawn. A conservative estimate places the amount of whiskey in bond at 60,000,000 gallons.

Raising the Price of Whiskey.
Peoria, Ill., Aug. 15.—The Distilling and Cattle Feed Company has advanced prices three cents all around. This was due to the big increase in the demand for the products caused by the passage of the Senate bill. The force of gaugers has been largely increased, and the revenue collections jumped from \$20,000 a day to more than \$164,000. This increase is expected to continue till the tariff law goes into effect.

EUROPE TO TAKE A HAND.

Rumors That the Powers Will Demand That Corea be Let Alone.
London, Aug. 14.—It is rumored in St. Petersburg that the England intends to propose that the powers co-operate in demanding that both China and Japan withdraw their forces from Corea forthwith, and intrust the Government of the peninsula to an international conference.

The rumor is the subject of much comment. The opinion is general that Russia would never consent to such a proposition. She prefers to let events take their course while her interests are not menaced.

The Vienna correspondent of the News says that England, France and Russia have agreed not to tolerate an attack on Pekin. Their respective squadrons have been instructed to interfere if the Japanese attack Taku.

The Shanghai correspondent of the Central News says that a strong Chinese fleet has left the coast. The impression in Shanghai is that this fleet will seek to intercept the transports which are carrying Japanese troops to Corea.

There were only a few ironclads among the Japanese vessels that attacked Port Arthur and Wei-Hai-Wei. Most of the fleets were merchantmen which had been converted hastily into cruisers and were carrying troops for work ashore. What has become of the Japanese fleet since the morning of the 11th nobody in Shanghai has heard.

There is considerable apprehension along the Chinese coast of the Yellow Sea, and small steam vessels are scouting constantly, but no view of the hostile squadron was obtained either yesterday or to-day.

The Chinese were alarmed greatly by the attack on Wei-Hai-Wei. More submarines mines were laid before Taku and Wei-Hai-Wei.

The British war ship Mercury left Chee-Foo at noon on Saturday for Wei-Hai-Wei to protect the foreigners at the latter port.

Many of the buoys along the Chinese coast, most notably in the neighborhood of the threatened ports, have been removed.

"DEFENCE NO DEFIANCE."

Anarchist Mowbray and His Howlings at Newark, N. J.
Newark, N. J., Aug. 14.—About 200 people attended Oertel's Park last night to hear William A. Mowbray, the English Anarchist. Mowbray plunged at once into an address on "How shall we organize." He said that labor organizations were a power but must be reckoned with the politicians.

"And still the laboring men inscribe on their banners, 'Defence No Defiance.' How good they are to let the fuggernaut run over them! But then there will be a kick some day, and when the Anglo-Saxons kick they kick hard."

"Then the capitalist press will howl for getting guns to shoot down the poor. I have seen shooting galleries. Why don't you procure guns and learn to shoot? There is no law against that. Gens. Wallace and Schofield have said 'Shoot to kill.' So I would say, too, 'Shoot to kill,' but if you can't kill don't shoot."

"Twenty-five thousand laboring men have to work to pay the expenses of the Earl of Dudley and his mistress. The wine the rich drink in their gilded salons is the blood of your children with which they quench their abominable thirst. So are all the luxuries of the rich at the expense and degradation of the working poor."

THE TARIFF.

The Senate Bill is Passed in the House.
Washington, Aug. 14.—The House passed the Senate tariff bill last night in accordance with the determination of the Democratic caucus. The "trust" Senators have won for the time being. Their schedule was adopted in spite of the statements that the House would never surrender. Rather than see all tariff legislation defeated the House passed the Senate bill by a vote of 182 to 105. Then the four new bills introduced, passed without being referred to any committee and sent to the Senate. The first provided for free sugar and was passed 276 to 11; the next for free coal, 180 to 104; free iron ore, 163 to 102, and free barbed wire, 187 to 84.

Two hours debate was allowed on the question, shall the Senate amendments be agreed to? and several tart speeches were made. Mr. Cockran made a bitter speech, and Mr. Reed grew sarcastic as usual. Mr. Wilson made an explanatory speech and then the vote was taken. After the announcement of the result, Mr. Wilson sent up the four other bills which were passed and at 10:25 the House adjourned.

Pullman, was much talked of last summer, has just called to several intimate friends here, including the Havemeyers, that he is soon to marry a young Englishwoman of considerable wealth. The Prince, who is a great-grand-nephew of Marie Antoinette, is the owner of thirty palaces more or less, many of which are in need of thorough overhauling.
